# Short Math Coloring Worksheet Hang up on Board!

with

# Math in Demand

Please check out my blog to download freebies, see pictures of my classroom, and learn new strategies that can be used in the classroom!

Click the buttons to see my Teachers Pay Teachers store or check out my social media!

I sincerely hope that you love my activity. Please don't forget to rate me and look through my store for other amazing activities!

# Teacher Notes

- This activity works great whenever you have a little extra time or like to throw in a little fun for your math students!
- Students will need the colors: green, blue, red, yellow, orange, purple, and pink.
- I like to have my students research the answer if they do not know it (My students have ipads; it is up to you if you want students to be able to use devices).
- Let your students decorate the background any color and hang up on a bulletin board!
- If you have any questions or concerns, please email me at mathindemand@hotmail.com.
